“ I was shocked to hear of my Aunt Barbara. I didnt know she was sick or feeling bad. Her and I have been working on the family tree now for a few years. It was nice getting letters and postcards from her when she was away on business trips. She was so cool and always told people like it was. I admire her strong will and am a lot like her. I am glad that I got to see her and spend some time with her before her passing (on a trip to Indiana in 2007). It is so sad that Jordan (my son) just received a graduation card from her postmarked the day she passed. Aunt Barb I will miss your emails and be forever thankful for your hard work on the family tree. I got to see a lot of family members that I never knew about! I love you and will miss you dearly!

“ I met Barb when we both worked at Nipsco and again at Northeast Utilities. I was also fortunate to travel to India with Barb in 2006 which I can say without doubt was a better trip because Barb was there. Barb was always upbeat and positive regardless of the situation. She always made me smile and I will miss her dearly.

“ Barb was one of those people who come into your life when you need some sound advice. She was so honest kind and funny. I will miss her daily jokes political views and her updates on the Wheat Family history she was getting me into online. I will miss our Friday night dinners and gossip. Rest in final peace Barb. For in the end we will save only what we love we will love only what we understand and we will understand only what we are taught.

“ My dear friend will be missed. I shared so many happy times while she was out in Massachusetts doing training at Bay State Gas Company. When Barb stayed the weekend there was no holding her down. We would travel to areas unknown and have a blast. I would do the driving she would take the photos. I will never forget her she was a great lady!!! My heart goes out to all of you. She spoke so highly of all her kids and grand kids.

“ Dear Family I was so shocked to see that Barb passed away. I went to school with her and Bunny and was so sad to see the notice. When Rich was in fifth grade (teacher Miss Duggan the witch) with me at Lew Wallace we had to recite a poem every Friday and he did *Once There Was a Snowman*. I will never forget the way he did it because it was so funny. The cadence and accent were so unusual. Once there was a snowman who stood outside my door. Thought hed like to come inside and RUN around the floor. Thought hed like to warm himself by the firelight red thought hed like to climb upon the big WHITE bed. So he called the north wind Help me now I pray. Im completely frozen standing here all day. So the north wind came around and blew him in the door and now theres nothing left of him but a puddle on the floor. They were such a cute couple and everyone loved them in school. “ *Barb was such a genuine person no one can ever replace her in my heart. She treated everyone with respect and received much respect in return. She always was laughing even when she wasn't having a good day. A great listener who always provided sound advice and such a warm soul. I'm very sorry for your loss - it is a great shock and she will be missed dearly here in Connecticut.*
