“ In December 2006 I worked as a substitute teacher in a number of Crown Point elementary schools. I remember going to the teachers lounge to eat my lunch one day and it was obvious as a substitute I was to eat in a separate room off of the main teachers room. Ms. Buoscio whom I had met that day when bringing my class to and from her art room sat down at the table and spoke to me until she had to leave. She made me feel comfortable and not so out of place. I remember asking her if she was related to Buoscios in Lansing IL (she wasn't) from where I had recently moved. We had a nice conversation and it definitely brightened my day. I never forgot her. Seeing her vibrant face in the obituary was a shock--11 months later and I still remember her with fondness. I am very sorry for her loss and your loss. I feel that making an art education donation is the least I can do. May you find comfort with time and memories and the knowledge that she touched friends and strangers alike.

“ I want to express my deepest sympathy to you. I am a retired professor from Purdue University Calumet. I frequent Winfield Elementary School to work with teachers in their mathematics instruction. I have always been intrigued by the extraordinary art work that Beth elicited from her students there. On several occasions I had the opportunity to share this with Beth. She was a most talented young woman. You can be proud of her contributions to the lives of young children. My prayers are with you at this time of loss.
