“Christine Jamka was a wonderfull grandmother and inspirer. I wasnt really there to see her for a while but I still remeber every moment I had with her as a child. I love the time when I was like five her and I went to the post office and she let me steer the car. There was a lot of fun times with grandma Jamka. I will always remember sitting down with just talking about absolutly nothing and having a really good time. She use to always tell me that things will always get better and that she loved me very mush. I miss her so much I pray that God looks out and takes care of her while she is up in heaven and looking down on us. I miss u so much grandma we all do I love you and will always remember you more than a grandmother but as an insirper
