“ Your mom used to help give an intensive in-home therapy treatment to my daughter Kathy Keller who had cerebral palsy. We used the Philadelphia Institutes for the Achievement of Human Potential patterning method during the years of 1967 and 1973. There were about 300 volunteers through those years and your mom was one of them. She was recruited by Mrs. Ray Rogers (Mil) whom you may remember. Our Kathy gained much by the TLC of all of the ladies who helped us. I am sure your mom is enjoying Our Lord and heaven right now with Mil my Kathy and her dad Russ Keller as well as with your dad and brother and family. God bless you all.
