“ *Debbie was a loving mother and person. Many times she offered to stay after her recess duty was over and help me with a project I was doing with my kindergarten-even when her daughter was no longer in my classroom. She continued helping around the school after her cancer diagnosis and during her treatment. Many times she was in pain but still gave of herself to others. I will miss her but she will live on our hearts and memories.*

“ *Debbie was a dedicated mother. Her love for Ashley was apparent each day and while she had too few days she made each one center on her daughter. She was truly inspiring and will be missed.*
