“ Despite Grandpas medical conditions he always found the energy to give to his great grand and grand children. Prior to moving to Germany the moments my family spent with him were cheerful. Grandpa always harrassed us when we were in town to go out for breakfast. He was kind enough to give Kelby a ride on his scooter but not wise enough to keep the controls from him. Kelby and Grandpa took off like a horse at the races. Grandpa will be missed but always remembered as a man with a kind and generous heart who loved to be around his family.

“ Hi Grandpa its me Austin! I want you to know that I really enjoyed all the time we spent together. And now that you are gone the memories I have will live inside me forever. You are very special to me and always will be. Just think of it this way. When the last set of doors opened and you realized that you were about to go be with the Lord in Heaven I was there and helped open the doors for you. Its just like opening the doors for you at dialysis every week. It was my job and I had the time of my life doing it. As long as the smiley face was on your door I knew I could find you. Thanks Great-Grandpa for all the laughs and fun times. Dont you worry I will take good care of my Grandma(your daughter) for you. We will share stories when I am older and she will remind me of all the days we spent together. I miss you!! Love Austin P.S. Will you be my angel??

“Happy Birthday Grandpa!!! 11-24-08 Grandpa You have only been gone one day and I cant describe how much you are missed! The times we shared will always be cherrished and never forgotten. I can remember visiting you in Florida when we were little and you bringing home scratch off tickets for Rob and I. We thought that was the coolest thing ever. Plus all the bike rides you went on with us and how you let me drive you around when I got my permit. Those times will always be with me. I will never forget the last conversation we shared either. In my heart I believe you knew that your time here with us was almost over. When I told you that your name was on the board for your birthday you simply said I dont want another birthday you can have mine. Those words will stick with me until we meet again. I am trying to figure out how to tell Austin (your pride and joy) that he wont be taking you to dialysis sitting on your lap and opening the doors for you anymore. He knows that every Tues. and Thurs. he goes with Grandma to visit you. He even knew to get you a soda when you were done with dialysis. Even though he is only 3 I know that you will always be in his thoughts and prayers. You were a one of a kind Great-Grandpa!! Remember you will forever be with all of us. I love you Grandpa! Wendy
